## COOKIES POLICY

Similar to other commercial websites, our website [www.bbva.be](http://www.bbva.be) uses a technology called "cookies" to collect information about how our website is used.

### What are cookies?

A cookie is a file that is downloaded to your device in order to store data that can be updated and retrieved by the entity responsible for its installation.

### Consent

We inform you that we may use cookies on your device, provided that you have given your consent, except in cases in which cookies are necessary to navigate our website. Should you consent, we will use cookies to enable us to get information about your preferences and customize our website according to your individual interests.

### What do we use cookies in this website?

We use our own cookies and those of third parties to improve our services, customize our website, improve users experience in our website, identify and solve problems, measure the usage, compile statistics and show advertising related to your preferences by analyzing your use of the website.

### Types of Cookies

Depending on the purpose:

- **Technical cookies:** these are cookies that enable the user to browse the web page, platform or application and use the different options or service on it, e.g. to control traffic and data communication, to identify the session, to access restricted web site areas, to record elements that go to make up an order, to make a subscription or an application to participate in an event, to use security elements during browsing, to store content to broadcast videos or sound or to share content over the social networks.
- **Geolocation cookies:** these cookies permit us to know where the user is requesting a service. This cookie is anonymous and is used for example to offer you the proper information depending on the country where you are.
- **Personalization cookies:** these are cookies that enable the user to access the service pursuant to certain general, pre-defined characteristics according to a range of criteria on the user's terminal, such as e.g. language, browser type used to access the service, regional configuration from where the service is accessed, etc.
- **Analysis cookies:** are those that enable its owner, monitoring and analyzing the behavior of users of the website to which they are linked. The information gathered through such cookies is used for measuring the activity of the website, platform or application and for profiling navigation of users of the website, platform or application, in order to improve the website based on such analysis.
- **Advertising cookies:** these are cookies enable us to manage the offer of the advertising space on the web page as efficiently as possible, adapting the ad content to the content of the service requested or the use you make of our web page.
- **Behavioral advertising cookies:** these are cookies that enable the efficient as possible management of the advertising space available on the website. These cookies store information on user behavior from continued observation of user browsing habits, thus enabling the developing of a specific profile to show advertising consistent with the behavior in question.

Depending on the duration:

- **Session cookies:** these are a type of cookie designed to collect and store information while the user is accessing a website. These cookies are not stored on the user's computer when the session expires or the browser is closed.

- Persistent cookies: these are a type of cookie in which the data continue to be stored on the user's computer and can be accessed and processed when the user leaves the website and when he/she returns to it. The user can delete these cookies at any time.

Depending on who manages the cookies:

- Own cookies. Are those sent to the user's terminal from a computer or domain managed by the owner of the website and from which the service requested by the user is provided.
- Third party cookies. Are those sent to the user's terminal from a computer or domain that is not managed by the owner of the website and from which the service requested by the user is provided but for another entity that processes the data gathered by the cookie. Likewise in the event that cookies are installed from a computer or domain managed by the owner of the website itself but the information collected is managed by a third party, they will also be considered as third-party cookies.

The third-party cookies procedures are managed and controlled exclusively by each provider.

#### Disabling cookies

Users can allow, block or delete the cookies installed on their computer or device at any time by means of changing the configuration settings of the browser.

Disabling cookies neither prevents navigation through the website, although the use of some of their services may be limited and therefore, your browsing experience may be less satisfactory.

#### Data protection

We may process your personal data when you are browsing the website. Please click [here](#) for more information about our Personal Data Protection Policy.

#### Revoking consent

The user may at any time revoke consent in relation to this Cookies Policy by deleting the cookies stored on the computer or device through the configuration and settings of your Internet browser, as listed above.

#### Changes to the Cookie Policy

This Cookies Policy may be amended at any time when requested by the applicable legislation or when there is a variation in the typology used on the website. We recommend you review this policy each time you visit our website in order to be properly informed about how and why we use cookies.
